			<hr/>
			\$475 63
No appropriation for the fall gathering.			
Grand total expenditure.....			\$892 59
Expenditures in excess of appropriation.....			\$309 55
Reimbursed			19 00
			<hr/>
Deficit			\$290 55

Anticipating that all will not clearly understand concerning the dates and amounts of orders drawn to Elmer Walker we will explain that Mr. Walker employed and paid his helpers and their board at Webbs Mills during the fall work. That the \$35 00 order was for job work on 95 tall trees the same which he gathered in the spring at a cost of \$35.93. This being a losing proposition for Mr. Walker on account of the largely increased number of nests, we were obliged to pay \$1 50 per tree for the remaining 29, \$43 50, making a total for 124 trees of \$78.50, an average of 63 cents, plus, per tree. The \$13 75 order and the \$4.15 order to Mrs. Whitney for board, was for the Mayberry Hill district.

Winter Term, 9 weeks

Teachers' wages, per week, as in summer and fall.

Work of year completed, in four schools.

Two schools, in session.

Two schools closed, because of sickness.

* means plus: † means 2/5.

Report of the Superintendent of Schools

TO THE SCHOOL COMMITTEE AND CITIZENS OF CASCO:

I herewith submit my report of the progress, conditions and needs of the schools of Casco.

COURSE OF STUDY AND TEXT-BOOKS.

During the past year, a system of grading has been worked out by your teachers and superintendent and has been approved by State Superintendent, so that any pupil completing the course is entitled to the secondary school tuition certificate without further examination, Section 63, Chapter 15 of Revised Statutes. This should be carried a step farther and funds appropriated for a grammar school graduation. The prospect of graduating exercises and of receiving diplomas, would give to pupils an added incentive for completing the grade work and preparing for the high school course.

No change has been made in text books. The old books have been looked over, renumbered, repaired, and new books added.

ATTENDANCE.

The attendance during summer and fall terms was very satisfactory. Soon after opening of winter term, cases of whooping cough became so prevalent, that the average attendance in all the districts but No. 2 was lowered, and in three districts it seemed advisable to close the schools.

There have been a few troublesome cases of truancy. There are always some who do not appreciate their school privileges and who think that others, not themselves, are favored by their attending school. Many of a more reasonable class do not understand that the loss of a day can never be fully made up and that each absence lowers the efficiency of the whole school.

REPAIRS.

The schoolhouses have received the usual amount of repairing. Ceilings in Districts Nos. 3 and 9 have been whitened; walls papered and wood-work painted in District No. 3; wood-work varnished in District No. 6; window fastenings, locks furnished for, and minor repairs made on other buildings.

EXPENDITURES AND RECOMMENDATIONS.

An endeavor has been made to keep the various branches of the school department within the limits of the appropriations and this endeavor has been successful with but one exception, in the purchase of high school text books. Over expenditure in this case, could not well be avoided as the appropriation for this year was \$50, and the amount overdrawn last year was \$50.74.

The common school account shows a surplus of \$456.83. Of this amount \$260 will be required to complete the winter term.

I would recommend that liberal appropriations be made at the annual meeting. School buildings in Districts Nos. 1, 4 and 6 should be painted; building in District No. 5 should be shingled; out building should be built in District No. 9; and repairs should be made on interior of building in District No. 4.

HIGH SCHOOL.

The High School is under the efficient management of Miss Ruth Richner. Miss Richner is a teacher of rare tact and skill, and has endeavored to hold the pupils to the established standard of scholarship.

Although at the beginning of the present year, the membership of the school was not greatly increased, it is believed that the entering class next fall will not only materially enlarge the number of students, but will include pupils from several districts not at present represented in our high school.

The course of study mapped out by the preceeding superintendent has been adhered to in so far as possible. Upon the advice of Mr. Taylor, the State Supervisor of Schools, who visited Casco recently, plans for the equipment of a labratory have been abandoned as impracticable.

This change, will of course, necessitate the substitution of some other science in the place of Physics. The subject of Botany has been decided upon as a supplement to the Zoology given this year, and as being a study of particular interest and value to students of a rural community.

The students have displayed a most praiseworthy spirit. They have been untiring in their efforts for the welfare and progress of the school, and have given unsparingly both of time and energy in promoting any undertaking for its advancement. Through their endeavors, a reading room has been fitted up with a book-case, reading table, and chairs. The main room also has been rendered more attractive by the addition of window shades, and by five new pictures purchased by the school. The pupils have published a school paper "The Quito". Copies of this paper have been distributed to superintendents in the neighboring towns, and to other persons through whom it was hoped interest in the school might be aroused.

With such a year of progress behind it and with a future of such apparent brightness before the school, it would, indeed, be regrettable if the course were not extended to one of four years, thus enabling those who have so earnestly and enthusiastically started upon their secondary education to complete it in their home town, rather than being forced to seek the continuation of this education in some other place, or being deprived of the advantages which should be theirs.

Situated as it is, Casco High School might easily become the school center for a large area, and pupils be drawn to Casco for education rather than sent out of it. Even during the past year the amount collected for tuition has nearly doubled the amount expended for the same purpose. Is it too much to believe that as this school increases in efficiency and is able to offer a wider and more varied course of study, pupils will come to Casco High School in increasing numbers. The school has every prospect of becoming a large and strong one in which those who have given it their aid and support during the first precarious years of its existence may look on in the future with just pride.

For loyal support given me by Superintending School Committee and teachers, and for courtesy extended to me by all, I desire to here express appreciation.

Respectfully submitted,

MAY E. HANCOCK, Supt. of Schools.

F. E. TENNEY, Road Commissioner.

In addition to the above \$448 55, Mr. Tenney has received \$25.00 for a large split stone water course on the automobile road, near the town house, at the foot of the graveyard hill, so-called, which we authorized him to construct, it being of actual necessity. Also at the junction of roads just west of the town house, where the State provided only for a small tile course, which would have been entirely

insufficient to take care of the large flow of water at that point, we authorized a change to be made, as a matter of economy, agreeing to assume the additional expense, which was \$20 00, total \$45.00 which added to the \$448.55 totals \$493.55 and corresponds with our report on another page.

December 4, 1913, Lyman W. Holden, aged 80 years, 6 months and 5 days. Cause of death, sarcoma of liver.

December 7, 1913, Unnamed Edwards, aged 0 years, 0 months and 1 day. Cause of death, premature birth.

January 15, 1914, Walter S. Dingley, aged 53 years, 6 months and 0 days. Cause of death, influenza and labor pneumonia.

January 28, 1914, Harriet E. Chandler, aged 80 years, 6 months and 5 days. Cause of death, la grippe.

Warrant For Town Meeting

To Fred C. Lumbard, a Constable of the town of Casco, in the County of Cumberland and State of Maine, Greeting:

In the name of the State of Maine you are hearby required to notify and warn the inhabitants of said town of Casco qualified as the constitution requires to meet and assemble at the Town House in said town on Monday, the sixteenth day of March, A. D., 1914, at ten of the clock in the forenoon then and there to act on the following articles to wit:

Art. 1. To choose a moderator to preside at said meeting.

Art. 2. To choose a Town Clerk for the ensuing year.

Art. 3. To choose a board of Selectmen, Assessors and Overseers of the Poor for the ensuing year.

Art. 4. To choose a Town Treasurer for the ensuing year.

Art. 5. To choose one member of the Superintending School Committee for a term of three years.

Art. 6. To see what sum of money the town will grant and raise for the support of common schools for the ensuing year.

Art. 7. To see if the town will grant and raise \$120.00 interest on school fund.

Art. 8. To see what sum of money the town will grant and raise for common school text books.

Art. 9. To see what sum of money the town will grant and raise for common school supplies.

Art. 10. To see what sum of money the town will grant and raise for repairs on school buildings.

Art. 11. To see what sum of money the town will grant and raise for free High School instruction.

Art. 12. To see what sum of money the town will grant and raise for free High School text-books.

Art. 13. To see what sum of money the town will grant and raise for free High School supplies.

Art. 14. To see what sum of money the town will grant and raise for free High School fuel and Janitor service.

Art. 15. To see what sum of money the town will grant and raise to pay tuitions for the ensuing year.

Art. 16. To see what sum of money the town will grant and raise for the support of the poor for the ensuing year.

Art. 17. To see what sum of money the town will grant and raise for the repair of highways and bridges for the ensuing year.

Art. 18. To see if the town will vote to grant and raise one thousand dollars to pay its part for the construction of the new concrete bridge.

Art. 19. To see what sum of money the town will grant and raise to pay for gathering brown tail moths nests.

Art. 20. To see what sum of money the town will grant and raise to pay town officers salaries for the ensuing year.

Art. 21. To see what sum of money the town will grant and raise for miscellaneous expenses for the ensuing year.

Art. 22. To see what sum of money the town will grant and raise to pay snow bills.

Art. 23. To see what sum of money the town will grant and raise for abatements and collectors commission.

Art. 24. To determine what compensation the collector of taxes shall receive for his services.

Art. 25. To choose a Collector of Taxes, a Constable, and all other necessary town officers.

Art. 26. To elect a fire ward; fix his compensation and raise a sum of money for the same.

Art. 27. To see if the town will vote to allow a discount on all taxes paid on or before July first 1914, and determine the per cent.

Art. 28. To see if the town will vote to re-establish all schools that may have failed to maintain the required average for the past school year.

Art. 29. To see if the town will vote to instruct its treasurer to make and execute deeds in behalf of the town.

Art. 30. To see if the town will vote to move the town house back from the highway and raise money for the same.

Art. 31. To see what action the town will take in relation to the number of road commissioners that may be appointed by the selectmen as provided in section 13 of chapter 215 of the public laws of 1913.

Art. 32. To see if the town will vote "yes" or "no" on the question of appropriating and raising money necessary to entitle the town to State aid, as provided in Section 20 of Chapter 130 of the Public Laws of 1913.

Art. 33. To see if the town will appropriate and raise the sum of \$533 for the improvement of the section of state aid road as outlined in the report of the state highway commission, in addition to the amounts regularly raised for the care of ways, highways and bridges; the above amount being the maximum which the town is allowed to raise under the provisions of Section 19 of Chapter 130 of the Public Laws of 1913.

The Selectmen will be in session at the townhouse on the morning of the sixteenth day of March A. D. 1914, at nine o'clock, for the purpose of hearing and deciding upon applications of persons claiming the right to vote in said meeting.

Given under our hands at Casco the 23th day of February, A. D. 1914.

Respectfully submitted,

G. T. COOK, Treasurer.

Casco, Feb. 15, 1915.

This certifies that we have this day examined the books and accounts of G. T. Cook, treasurer, and found them correct.

G. B. MAYBERRY,
HENRY WATKINS,
M. L. LEACH,

Selectmen of Casco.

School Report

To the School Committee and Citizens of Casco:

Herewith is submitted for your approval the annual report of the schools of Casco for the year ending Feb. 15, 1915.

COMMON SCHOOLS.

The work in the common schools has been profitable and progressive. The course of study, introduced last year, has been followed and uniformity in work has resulted. A well defined course of study is of great value in any school system, for it gives definiteness to the work of the teachers and it stimulates the ambition of the pupils. Twelve pupils, representatives of the eight school districts, completed this course of study last June and for the first time in Casco school history, graduating exercises were held. The parts were well prepared and well delivered. Casco may well be proud of her first graduating class. It is hoped that the custom may be continued, as it has given an added impetus to the grade work.

During the year, the Superintending School Committee and Superintendent have met many times to discuss the needs of the schools. On Jan. 22, 1915, the teachers of Poland and Otisfield were invited to unite with those of Casco in holding a Teachers' Meeting. The program consisted of well arranged papers, by teachers of experience and skill. The discussions, which followed the papers, were pleasing and instructive.

EXPENDITURES AND RECOMMENDATIONS.

School finances have been made a matter of careful consideration. The school year has been increased from thirty to thirty-three weeks. On the 5th of March there will have been maintained thirty-three weeks of school, with an unexpended balance of \$252.37. The present cost of maintaining the common schools per week, outside of janitors' wages and fuel is \$60. Estimating from this basis, \$800 should be appropriated by the town, for common school support. This amount, together with funds received from State and unexpended balance, should give a school year of thirty-three weeks,—a minimum requirement for standard schools.

Repairs have been made as follows.—School building, in Dist. No. 5, has been shingled; building, in Dist. No. 4, has been thoroughly renovated, walls and ceiling plastered, wood work painted and desks and seats varnished. All of the buildings have been cleaned and minor repairs made, such as repairing locks, desks, seats, etc. Paint has been purchased for exterior of building, Dist. No. 1, but, owing to the cold weather in the early fall, it was thought best to postpone the work until spring. While the interiors of all the school buildings are now in good condition, there is scarcely a building that does not require painting, especially is this true of buildings in Districts 1, 4 and 6. Closets should be rebuilt in Districts 4, 7 and 9. I would recommend that \$150 be appropriated for repairs. This amount, with unexpended balance and paint on hand, should be sufficient for painting of buildings in Districts 1, 4 and 6, and rebuilding of closets in Districts 4, 7 and 9.

The schools are now well supplied with maps, but globes are lacking in Districts 4, 5 and 7. Nearly all of the text books are in good condition. The readers have been used for many years, and the pupils have become weary of them. For the upper grades, the readers should be changed or supplementary reading provided. Three years ago, Ward's Phonetic Method was introduced for the 1st, 2d and 3d grades and is proving so satisfactory, that I would advise its continuation. That the supply of text books and other essentials be kept reasonably up to date, a generous fund to draw on should be provided.

HIGH SCHOOL.

During the past year, the school has grown in numbers and interest and holds an important place in our town system of schools. It has been approved by the State Department as a Class A High School.

Principal Elmer R. Bigger and Assistant Principal Mona C. Garcelon are able and conscientious teachers. Under their direction, the school work is carried on smoothly and efficiently.

The benefits derived from a local high school can not be estimated. It relieves the common schools of an advanced class of pupils and gives the teachers at least thirty per cent. more time for the younger pupils. Without the high school, a large percentage of our boys and girls would be obliged to discontinue their studies. With the high school, our boys and girls are not only fitted for better citizens, but we have an opportunity to train our teachers for the years to come. According to the State Law coming into effect Sept. 1, 1914, "No

person unless he has completed a standard high school or academy course shall be eligible for a teacher's certificate." Therefore, if we are to compete with other towns which have hitherto sent us many of our teachers, is it not necessary for us to so fit our boys and girls that we may supply our own teachers or at least exchange with those towns and so receive our share of credit and profit?

To carry on the high school work successfully, a laboratory with its equipment is demanded. We trust that every citizen will see the necessity of providing a laboratory and of doing his utmost to maintain a school which gives such large results at a comparatively small cost to the town.

DISTRICT SUPERVISION.

A movement is in progress whereby district supervision may be obtained by uniting with some of the nearby towns. In view of the advantages that would be gained by such a union, I recommend that the matter receive your earnest consideration and support.

CONCLUSION.

The gradual improvement, in our schools, has been made possible by the grade system established last year and by faithful and efficient teachers. Excellent work has been done in all the grades. Any parent or friend, who will visit the schools, can not fail to see the interest, energy and ambition displayed by pupils and teachers.

I wish to thank the members of the School Committee for their ready assistance, the teachers for their hearty co-operation and the public for its manifest confidence and encouragement.

Respectfully Submitted

MAY E. HANCOCK, Supt. of Schools.

Report of the PRINCIPAL OF THE HIGH SCHOOL

To the Superintendent of Schools of Casco:

A report of the present status of Casco High School, with suggestions for the development of a more community serving institution, is herewith submitted.

Thus far very satisfactory results have marked the school year of 1914-1915 and the spirit and interest, shown by the student body, foretells a great future for the school. The number has nearly doubled since last year and the attendance of the fall term, with an average of $28\frac{1}{2}$ in a school of 29 speaks for itself.

The object of the High School is to serve the community in which it stands and for this purpose a new course of study has been arranged, which will give each student a thorough training in all commercial methods. This course can not be carried out in one or even two terms but must be acquired gradually, for at the present time we have not sufficient room for a commercial department.

I would advise that a sufficient sum of money be raised, to enlarge the building and give the required room. Now, only sub-sciences are being taught on account of the lack of a laboratory and this is the principal reason why we need a larger building.

A library has been started and several new books have been purchased by the High School Association. The people of Casco should understand this great need and help to increase our number of books.

I would advise that more of the town's people visit the High School, that they may see the kind of work their boys and girls are doing. Every visit encourages the students in their work, besides helping the teachers. A Parents' Association might be formed to co-operate with the High School Association, thus making the school work and conditions better known.

This opportunity is taken to express a sincere appreciation of the interest and loyalty of the town's people in the school's welfare and progressive educational system.

Respectfully Submitted,

ELMER R. BIGGER, Principal.

IN MEMORIAM.

Feb. 17, 1914, Fernald B. Berry, aged 3 years, 6 months. Cause of death, whooping cough and pneumonia.

March 3, 1914, Solomon M. Gay, aged 72 years, 6 months, 10 days. Cause of death, lobar pneumonia.

Nov. 26, 1914, Benjamin F. Schellinger, aged 62 years, 7 months, 29 days. Cause of death, pneumonia.

Nov. 26, 1914, Horace B. Harmon, aged 72 years. Cause of death, chronic endocarditis.

Warrant For Town Meeting

To Fred C. Lombard, a Constable of the town of Casco, in the County Cumberland and State of Maine, Greeting:

In the name of the State of Maine you are hereby required to notify and warn the inhabitants of said town of Casco qualified as the constitution requires to meet and assemble at the Town House in said town on Monday the fifteenth day of March A. D. 1915 at ten of the clock in the forenoon then and there to act on the following articles to wit:

- Art. 1. To choose a moderator to preside at said meeting.
- Art. 2. To choose a Town Clerk for the ensuing year.
- Art. 3. To choose a board of Selectmen, Assessors and Overseers of the Poor for the ensuing year.
- Art. 4. To choose a Town Treasurer for the ensuing year.
- Art. 5. To choose one member of the Superintending School Committee for a term of three years.
- Art. 6. To see what sum of money the town will raise and appropriate for the support of common schools for the ensuing year.
- Art. 7. To see if the town will grant and raise \$120.00 interest on school fund.
- Art. 8. To see what sum of money the town will raise and appropriate for common school text books.
- Art. 9. To see what sum of money the town will raise and appropriate for common school supplies.
- Art. 10. To see what sum of money the town will raise and appropriate for repairs on school buildings.
- Art. 11. To see what sum of money the town will raise and appropriate for free high school instruction.
- Art. 12. To see what sum of money the town will raise and appropriate for free high school text books.
- Art. 13. To see what sum of money the town will raise and appropriate for free high school supplies.
- Art. 14. To see what sum of money the town will raise and appropriate for free high school fuel and janitor's services.

Art. 15. To see what sum of money the town will raise and appropriate for the support of the poor for the ensuing year.

Art. 16. To see what sum of money the town will raise and appropriate for the repairs of highways and bridges for the ensuing year.

Art. 17. To see what sum of money the town will raise and appropriate to cut and destroy bushes along the highways.

Art. 18. To see if the town will vote to raise and appropriate the required amount for State aid highway maintenance.

Art. 19. To see what sum of money the town will raise and appropriate to pay snow bills.

Art. 20. To see what sum of money the town will raise and appropriate to pay town officers' salaries for the ensuing year.

Art. 21. To see what sum of money the town will raise and appropriate for miscellaneous expenses for the ensuing year.

Art. 22. To see what sum of money the town will raise and appropriate for abatements and collector's commission.

Art. 23. To determine what compensation the collector of taxes shall receive for his services.

Art. 24. To choose a collector of taxes, constable, truant officer, fire warden, and all other necessary town officers.

Art. 25. To see if the town will vote to allow a discount on all taxes paid on or before July 1, 1915, and determine the per cent.

Art. 26. To see if the town will vote to raise and appropriate the sum of \$60.00 as one third of a joint fund with the State and A. B. Ricker, to be applied to the improvement of the highway from Webb's Mills to the Poland town line, provided the State receives the proposition with favor.

Art. 27. To see if the town will vote to enlarge the high school building and raise money for the same.

Art. 28. To see if the town will vote "yes" or "no" on the question of appropriating and raising money necessary to entitle the town to State aid, as provided in section 20 of chapter 130 of the Public Laws of 1913.

Art. 29. To see if the town will raise and appropriate the sum of \$533.00 for the improvement of the section of State aid road as outlined in the report of the State highway commission in addition to the amounts regularly raised for the care of ways, highways and bridges, the above amount being the maximum which the town is allowed to raise under the provisions of section 19 of chapter 130 of the Public Laws of 1913.

Art. 30. To see if the town will vote to build a new road, as petitioned for by W. M. Butler and 33 others, beginning at a point on the road leading from Webb's Mills to Poland, near the foot of the Welch Hill so called, and running in a general northwesterly direction 129 rods to a point near the dwelling home of Walter M. Butler and raise money for the same.

Art. 31. To see if the town will vote to discontinue the old road from the four corners, a point on the road leading from Webb's Mills to Poland running in a general northeasterly direction to the top of the hill near the former residence of Charles E. Emery.

Art. 32. To see if the town will take regarding the repair or rebuilding of the highway leading from Webb's Mills to Pike's Corner, so called, so as to make the same safe and convenient for public travel, and raise money for the same.

Art. 33. To see if the town will vote to build, for the accommodation of John W. Batty, a cattle pass across the highway near the foot of Rogers Hill, so called, and raise money for the same.

Art. 34. To see if the town will vote to authorize its superintending school committtee to join with either or any of the following towns, Poland, Otisfield, Naples, or such other town or towns as it may deem expedient, for the purpose of employing a superintendent of schools in accordance with the provisions of sections 40 to 45 inclusive, of Chapter 15 of the Revised Statutes.

Art. 35. To see what action the town will take relating to the number of road commissioners that may be appointed by the selectmen as provided for in section 13 of Chapter 215 of the Public Laws of 1913.

Art. 36. To see if the town will vote to instruct its treasurer to make and execute deeds in behalf of the town.

Art. 37. To see if the town will vote to accept the list of jurors as prepared by the selectmen, treasurer, and clerk.

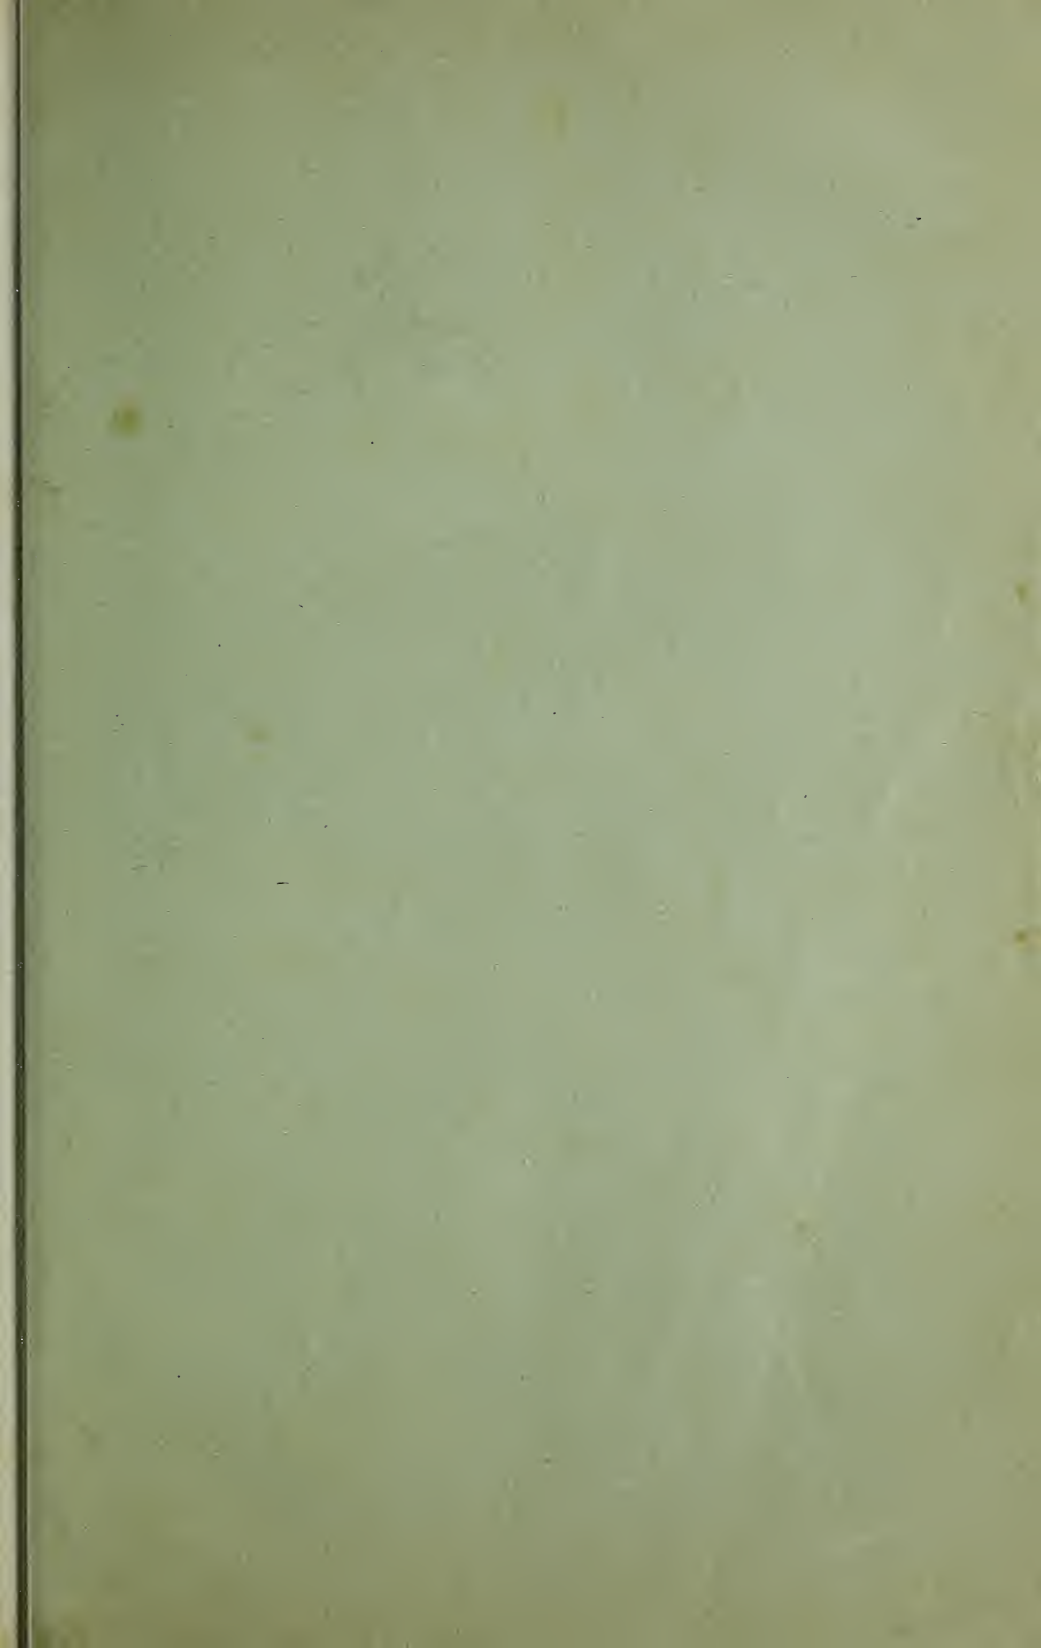

Art. 38. To transact any other business that may properly come before the meeting.

The selectmen will be in session at the Townhouse on the morning of the fifteenth day of March A. D. 1915, at nine o'clock for the purpose of hearing and deciding upon applications of persons claiming the right to vote in said meeting.

Given under our hands at Casco, the 18th day of February A. D. 1915.

G. B. MAYBERRY,
HENRY WATKINS,
M. L. LEACH,

Selectmen of Casco.

Men's Good Wear Clothes

ONE of the most important investments you have to make is in the matter of clothes. You ought to consider carefully where you can get the biggest returns. We're ready to show you how and why you should buy here. We make a careful study of the clothes question. We will not put in stock any garment unless it has service. We clean up our stock by sales twice each year so that all goods are new and up to date. We have but one price. Having but one price enables us to make you a low price or in other words enables us to give you the best possible value. We will gladly refund the money for every unsatisfactory purchase.

10c

We will send the NORWAY (Me.)
ADVERTISER to you, your neighbor or
an absent friend whose name you might
suggest eight weeks for ten cents and
will stop the paper at the end of the time
without further notice from you or them.

10c

Send paper as per above terms to

The above order is sent to the **Norway Advertiser** by

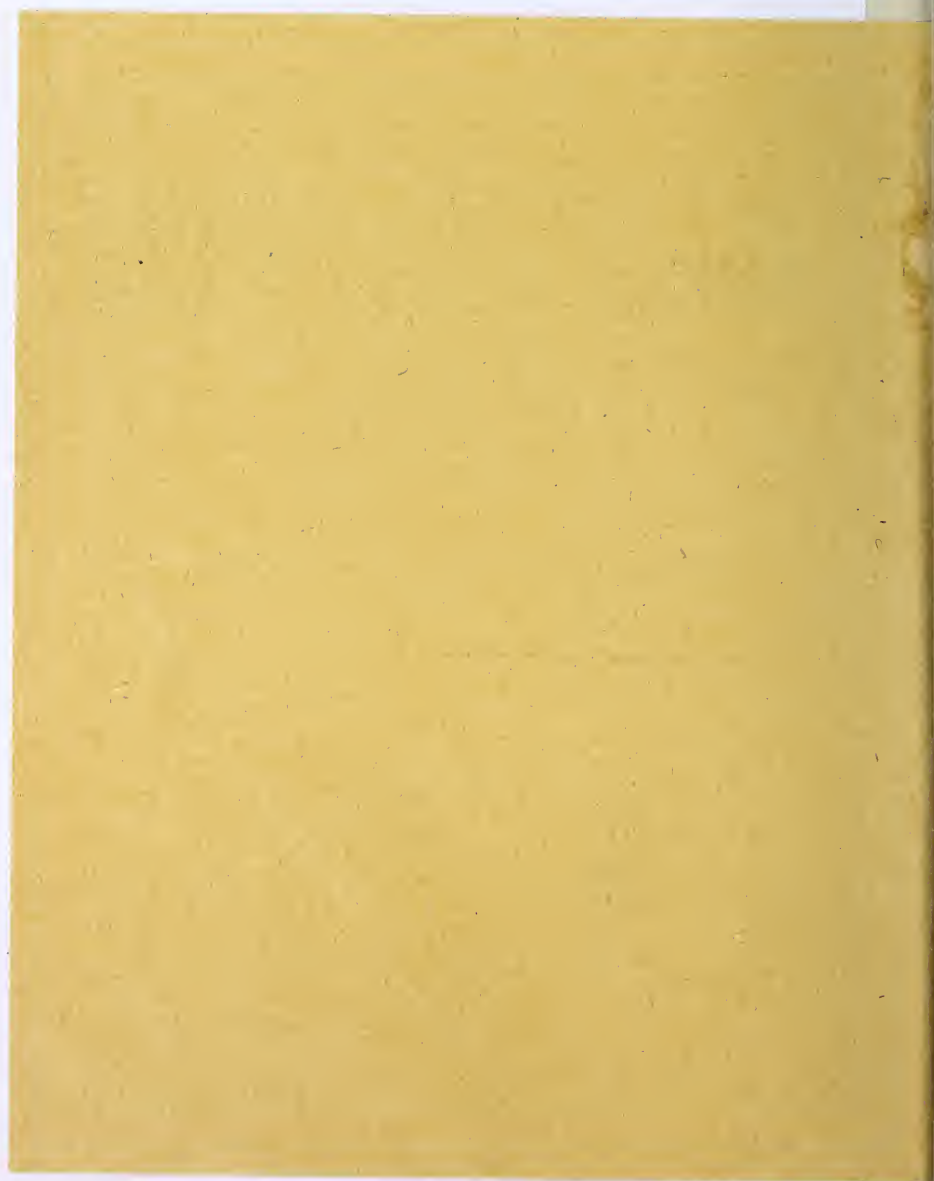

Be sure and give full address with street and number, if it goes to
a city, and if on rural delivery give **number of the route**.

No blanks will be furnished or made out in the **Advertiser** office.

Fill out the blank, send or hand into the office, or mail it. **Don't**
forget to put in the ten cents—coin, or 1 and 2 cent postage stamps
taken.

This blank properly made out with ten cents must be received by
April 1st, 1916. Not good after that date.

F. W. SANBORN, Norway, Me.

Respectfully submitted,

G. T. COOK, Treasurer.

Casco, Feb. 10, 1916.

This certifies that we have this day examined the books and accounts of G. T. Cook, treasurer, and found them correct.

G. B. MAYBERRY,
C. D. WATKINS,
H. A. HALL,

Selectmen of Casco.

Report of the Superintendent of Schools

To the Superintending School Committee and the citizens of Casco:

I herewith submit my report of the schools of Casco for the year ending Feb. 12, 1916.

As my term of office began on August 1, 1915, this report will deal largely with the last six months.

COMMON SCHOOLS.

The teachers have, for the most part, done faithful conscientious work. The greatest fault seems to be to rush pupils too fast. I do not believe the average child should enter high school before he is fourteen years of age.

The attendance last fall was not what it should have been. Some parents do not seem to realize the loss that even a half day of school is to the pupil.

In some schools, pupils are tardy a great deal. At this habit forming period of their lives, pupils should be taught the value of punctuality that, as they go out into the business world, they may meet their engagements promptly. Let all the schools strive for a record like that of the Quaker Ridge School, which has had no tardy marks for over two years.

PARENT-TEACHER ASSOCIATION.

The Parent-Teacher Association, which has just been formed with a charter membership of forty-five, will, I feel sure, lead to a better understanding between parent and teacher and in this way become a great help to our schools. Of the complaints I have had in the three towns, only one has come from a parent who had visited the school.

TEACHERS' SALARIES.

It is difficult to procure teachers with experience or training at the wages now paid. We are fortunate in having several capable teachers who, for the sake of staying in their home town, are willing to work for less wages than they could obtain elsewhere. It would seem unfair to pay teachers from away more than we do those at home, therefore we must either raise the teachers' salaries or continue to employ some untrained inexperienced teachers.

BOOKS AND SUPPLIES.

All of the schools are now supplied with globes. Supplementary readers have been purchased which work very nicely with the Ward, our basal system.

The most urgent need for another year is a new series of language books. Our supply of Medial Writing books is practically exhausted and I recommend that some good system of muscular movement business penmanship be introduced.

REPAIRS.

The Mayberry Hill schoolhouse and shed need extensive repairs and I recommend that a separate appropriation of \$200.00 be made for this purpose. The shed at Cook's Mills needs clapboarding. Some of the out-buildings need to be repaired and made more sanitary.

HIGH SCHOOL.

With the recent addition to our high school building, we have ample room for all the lines of work required by the State. The citizens of the town may well feel proud of their Class A school. As I compare the work of Casco High School with that of similar institutions, I feel that I can honestly say that its teachers and pupils are doing a grade of work equal to that of any school of its size in the State.

LABORATORY EQUIPMENT.

Owing to the unusually high cost of laboratory equipment this year, it has been difficult to meet the State requirements. We have, however, purchased enough material for the two terms' work. In the spring, more apparatus should be added.

BOOKS.

We are in need of reference books. A few should be purchased each year. A State traveling library hired for six months has been very helpful to the students this year. The Casco Village Sewing Circle has generously given five dollars to be used for reference books.

In conclusion I wish to thank the Superintending School Committee, the teachers and all citizens who have aided me in my work.

Respectfully submitted,

CHARLES E. VARNEY,

Superintendent of Schools.

REPORT OF THE PRINCIPAL OF HIGH SCHOOL.

To the Superintendent of Schools and to the Superintending School Committee:

As Principal of Casco High School I submit my annual report.

We have been able, through the enlargement of the high school building and the installation of a new heating apparatus, to carry on for the first time four years' work and to accomplish more satisfactory results than last year. In the high school we now have a good assembly hall, recitation room, laboratory and library. These rooms are adequate for the work demanded by the State for a Class A high school.

Double seats which we now use are proving very unsatisfactory, as there is neither room for two sets of books nor for two students to assume the correct writing position, and I recommend that enough money be raised to buy single seats.

Our laboratory is now being equipped with apparatus and our course of study has been approved by the State. I advise that \$75.00 be raised each year for apparatus, both physical and chemical, until our laboratories are fully equipped.

Special interest should be shown in the library and some action should be taken for providing reference books, which are very necessary to carry on our work properly.

A new heating plant installed last fall has not proven itself entirely satisfactory but I think, by installing a cold air shaft from the assembly hall to the furnace, this could be remedied. The only means of ventilation at the present time is through open windows, causing drafts which cannot be prevented from blowing directly upon the students. I think this should be given careful attention.

After four years of existence, Casco High School graduates its first class in June. The class of 1916 entered with thirteen members and now graduates with fourteen. This is a very unusual occurrence and one that should very much encourage the people of Casco in their endeavors to make the high school a success. Statistics show that on the average about three-fourths of each entering class graduate and Casco High School not only has its original number of thirteen but has one besides. Of these fourteen students, ten intend to teach school, and for the first time in its history Casco will be able to furnish its own teachers.

I wish to thank the Superintendent of Schools, the Superintending School Committee and the townspeople for their co-operation.

Respectfully submitted,

ELMER R. BIGGER, Principal.

Men's and Boys' Wearables

It's about time to be thinking of new wearing apparel for spring and summer. What to buy and where to buy it will soon be the question. We wish every purchaser was a good judge of quality which would enable them to appreciate the good values this store gives. Good service means several things to us: it means giving you the best possible wear; the best styles; the most up-to-date goods and the lowest price worthy goods can be sold for. We have built up this business by giving our customers complete satisfaction on every sale. We guarantee everything we sell and you can exchange every unsatisfactory purchase for your money. The parcel post makes it very easy to order goods. Try it, mail us an order telling us what you want. We'll mail it back by return mail and pay charges on every order of one dollar and over. If not to your liking, remail the purchase to us and we will return your money.
